Professional Summary

Motivated and analytical 3rd-year undergraduate specializing in Data Science at SLIIT. Features a strong foundation in Python, SQL, and Java, combined with a background in general software development. Passionate about leveraging data to solve complex problems. Seeking an AI Engineer Internship to apply academic knowledge in a practical, industry setting.

Education

BSc (Hons) in Information Technology – Specializing in Data Science *Sri Lanka Institute of Information Technology (SLIIT) | Expected Graduation: 2027*

- **Current Status:** 3rd Year, 2nd Semester
- **Key Modules:** Theory and Practices in Statistical Modelling, Data Warehousing and Business Intelligence, Database Systems and Data-Driven Application, Data Structures & Algorithms, Probability & Statistics

Diploma in Information Technology (BIT) *University of Moratuwa*

- Completed the Bachelor of Information Technology (BIT) Diploma level.

G.C.E. Advanced Level – Physical Science Stream 2021

- Successfully completed A/Ls in the Physical Science stream.

Technical Skills

Programming Languages: Python, SQL, Java, C++, C#, Kotlin, R

Data Science & Analytics: Pandas, NumPy, Matplotlib, Seaborn, Exploratory Data Analysis (EDA), Data Cleaning & Preprocessing, Data Visualization, Statistical Analysis

Web & Mobile: HTML, CSS, JavaScript, Node.js, React.js, Android Studio

Databases: MySQL, SQL Plus, MongoDB, Firebase

Tools & Platforms: Git, GitHub, VS Code, Visual Studio, Jupyter Notebook, Spring Boot

Soft Skills: Analytical Thinking, Problem Solving, Team Collaboration, Leadership, Communication

Projects

Smart Campus Operations Hub | GitHub: <https://github.com/TharuAmaya/CampusNexus>

- **Technologies:** Java, Spring Boot, React.js, MySQL, REST APIs, GitHub
- Developed the Facilities & Assets Catalogue module of a web-based university resource management system, enabling users to browse, search, and manage facilities and assets.
- Implemented RESTful APIs and integrated MySQL database connectivity to efficiently manage resource information, availability schedules, and status tracking.
- Designed and developed a Smart Resource Recommendation System to suggest suitable resources based on user requirements.
- Created an interactive Resource Availability Calendar for real-time schedule and booking visibility.
- Implemented Dynamic PDF Generation for exporting resource details and reports, improving accessibility and documentation.

Student Performance Analysis (EDA) | GitHub: <https://github.com/TharuAmaya/student-performance-eda>

- **Technologies:** Python, Pandas, NumPy, Matplotlib, Seaborn, Jupyter Notebook
- Conducted an end-to-end Exploratory Data Analysis (EDA) on a student performance dataset by performing data cleaning, preprocessing, statistical analysis, and data visualization.
- Analyzed relationships between academic performance and multiple demographic, academic, family, and lifestyle factors using statistical summaries and exploratory visualizations.
- Developed insightful visualizations, including histograms, boxplots, and a correlation heatmap, to identify trends and key factors influencing students' final grades.
- Documented the complete analysis, methodology, findings, and visualizations in a professional GitHub repository with a structured README and reproducible notebook.

WellnessTracker | GitHub: <https://github.com/TharuAmaya/WellnessTracker>

- **Technologies:** Kotlin, Android Studio, Room (SQLite), MVVM, LiveData, Coroutines
- Developed an Android wellness tracking application featuring habit management, mood journaling, and hydration reminders.
- Implemented local data storage using Room Database and asynchronous operations using Kotlin Coroutines.
- Created mood trend visualizations, progress tracking dashboards, and a home-screen widget to improve user engagement.
- Applied modern Android development practices using MVVM architecture and Material Design components.

Certifications & Awards

- **MongoDB Data Modeling Path** – *MongoDB University (2026)*
- **MongoDB Atlas Administrator Path** – *MongoDB University (2026)*
- **Certificate Course in English for School Leavers & Junior Executives** – *Uva Wellassa University*

- **Preliminary English Test (PET)** – *British Council*
